

NEW FACILITY / MALAYSIA

More room to build. More capability to deliver.

We are thrilled to announce the expansion of our millwork manufacturing capabilities with our new facility in Malaysia.

**23,000+**

sq ft facility

40 ft

ceiling height

45 min

from Kuala Lumpur city centre

Built for your next retail project.

From global luxury houses to fast-fashion brands, Luximorph partners with retail teams to explore feasibility solutions tailored to their retail footprint.

Our new facility strengthens our millwork capabilities, supporting bespoke fabrication alongside general contracting for high-end turnkey projects across APAC.

EXPERIENCE TO EXECUTE

Experienced leadership.
A robust execution team.
From feasibility to delivery.

INSIDE THE FACILITY / PRODUCTION CAPABILITIES

Precision at every stage.

Millwork fabrication, general carpentry, CNC machining and spray painting support our production requirements and general contracting projects.

MACHINING & FABRICATION

Newly installed CNC routers, a CNC panel saw, edge bander, side drill and cold press support the facility's millwork production capabilities.

CNC ROUTER

CNC SAW

SPRAY BOOTH

HEAT DRYING ROOM

CLEAR PATH FROM MATERIAL TO MILLWORK

Receiving & storage → Wood cutting → Semi-assembly → Sanding → Spray painting & drying
 → Assembly → Mock-up → Finished millwork → Packing

Designed with health and safety in mind. The facility operates in accordance with applicable DOSH and DOE requirements.

PROJECT HIGHLIGHTS / INDONESIA

Bringing retail brands to life in Indonesia.

From new store concepts to established global brands, Luximorph supports retail project delivery in Indonesia through design implementation, general contracting, project management and fixture supply.

Our work for Everbest, Michael Kors and Amouage demonstrates how we tailor our support to each project, working with architects and local teams to bring brand concepts into physical retail spaces.

EVERBEST

SENAYAN CITY, JAKARTA

A new concept flagship store.

For Everbest's approximately 150 sq m new concept store in Jakarta, Luximorph provided millwork fabrication and on-site support to the local general contractor. The project brought together the China architect team and the local Indonesian team.

PROJECT HIGHLIGHTS / INDONESIA

MICHAEL KORS

Supporting retail delivery across two locations.

Luximorph provided shop drawings and fixture supply for Michael Kors projects at Tunjungan Plaza in Surabaya and Kota Kasablanka in Jakarta.

TUNJUNGAN PLAZA, SURABAYA

Store interior

Display cabinetry and fixtures

KOTA KASABLANKA / JAKARTA

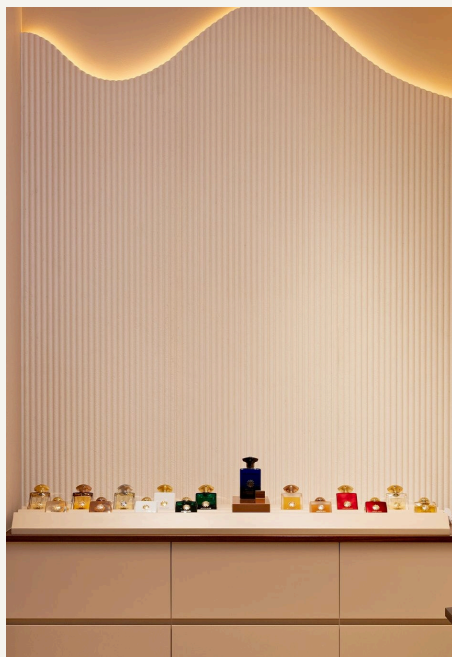

PROJECT HIGHLIGHTS / INDONESIA

AMOUAGE

PLAZA INDONESIA, JAKARTA

The House's first signature boutique in Indonesia.

Amouage's new boutique brings Omani High Perfumery to Jakarta through a space inspired by Oman's landscapes and architectural traditions. Travertine, walnut and brushed copper create a warm, distinctive setting, complemented by layered arches and sculptural displays.

Luximorph supported the boutique's delivery through design implementation, general contracting and fixture supply, translating the brand's retail concept into a physical space.

Stay tuned for more updates, and visit us at www.luximorph.com to learn more about how we can bring your retail spaces to life.
